

# Parental Engagement

We are currently working towards achieving the Leading Parent Partnership Award (LPPA). The LPPA is a nationally recognized award achievable by schools who work very closely with the families of their pupils. The assessment is made by an external advisor.

## What difference will the award make?

It will make our work with families even better. It will improve our communication and build more activities for families in school. As you know we are always trying to improve and completing this award will help us do that!

The school cannot run without the support of the parents. Working well together in supporting the learning of your children is the most effective partnership to help your child thrive.

## How can YOU help us gain the award?

- Read all information that we send out
- Come along to events we organise if you are able
- Complete any questionnaires we send out as honestly as you can

Keep an eye on the school website and we will keep you updated of our progress.
