Year 1 Trip

Year 1 explored 'Our Miniature World' at Seven Acres Country Park. They hunted for mini-beasts, made insect hotels from natural materials and went pond dipping! The children found many different types of mini-beats such as; water boatmen, water scorpions, spiders, ladybirds, slugs and snails.

Foodbank Visit

Year 3 and the Caritas Ambassadors visited Christchurch on Wednesday afternoon to find out how their food bank works and came away with "food for thought". We continue to support those who are less fortunate than us.

SATS are Here

Y6 SATs

Next week, the Year 6 SATs will begin. These tests will be from Monday 13th May to Thursday 17th May. The children are expected to be in school for 8:15am and will receive a free breakfast so that they are ready for their assessments.

Pentecost Party

A reminder that the Pentecost party will be held on Friday 24th May at 2pm in the GIFT garden. This is a celebration of the birthday of the Church and we would like as many parents to come and join in the celebration with the children and the staff. (If possible, please bring some sunshine with you as well!)

PENTECOST PARTY

Rights Assembly

Year 4 led the Rights respecting assembly yesterday and discussed article 1 - everyone under 18 has these rights. They recognised that we are lucky to live in a country that follows these rights so that children can have the best life possible.

Protecting Our Playground

Air quality is one of the biggest health concerns of our time.

Protecting Playgrounds - a scientific approach—PLEASE HELP

Protecting Playgrounds seeks to protect our children by planting pre-grown hedgerows around schools in Manchester located along some of our busiest roads.

St Ambrose are fortunate to be one of the four pilot schools to be given a new hedgerow. This project will break key new ground by measuring and optimising the effectiveness of boundary hedges for removing the finest particles (particles less than 100 nanometers in size), which pose the greatest hazard to health.

During the hedgerow installation Groundwork will deliver a number of educational programmes which puts the science into young people's hands; undertaking activities that will encourage behaviour change in and outside of school.

However, we want more schools who have poor air quality to have access to new hedgerows. Please visit
